Janessa,

I've copied the 331 CES records onto your Cruzer Glide 32GB flash drive.

Tell your Dallas representative call Linda Brewer at 214.665.6724 when ready to pick up your 32 GB flash drive and your unused 16 GB flash drive. Linda works with me in the same building where your representative left the two drives earlier this week.

I will be out of the office all of next week.

Yikes! I suspect the courier did not follow our very precise instructions! Let me see if I can figure out what happened to this.

You should have received the thumb drive yesterday. Please let me know if you did not. Thanks!
